ENERGY STAR

A REVOLUTION IN AIR MOVEMENT FOR EVERY HOME.

The extraordinary Trane Hyperion™ air handler represents a substantial advance in air handling technology. Using 14 industry-exclusive patents, the Hyperion offers significant advantages over other air handlers. Refrigerator-styled insulation made without exposed fibrous material virtually eliminates sweating and condensation as well as helps create a safer environment for your home, keeping efficiency and comfort in mind.

CHOOSING THE RIGHT FIT.

Every component of our air handlers, from the smallest screw to the revolutionary unique Hyperion cabinet, has been carefully designed to deliver Trane's legendary reliability, innovation and efficiency with your complete comfort in mind. With two Trane air handler platforms from which to choose, there is sure to be one that will meet the needs of your household.

**The TMM and GMU/V air handlers are Upflow Only for use in wall, stud, or over the water heater applications.*

SEET™ TESTED

Every Trane system is put through some of the most extreme conditions found in nature in our SEET™ [Systems Extreme Environmental Test] lab. Put through five years of extreme wear and tear in just a few months, our products can stand up to the harshest environments imaginable.

**AMERICA'S MOST TRUSTED® HVAC BRAND
6 CONSECUTIVE YEARS¹**

**MOST RELIABLE HEATING AND COOLING
EQUIPMENT BRAND²**

¹Trane was named America's Most Trusted HVAC brand/system by Lifestory Research, a national research firm, based on a 2019 study of 11,000 consumers actively shopping or considering a product as compared with peer organizations of like size and complexity. Trane has received the highest numerical score for years 2015, 2016, 2017, 2018, 2019 & 2020. Your experiences may vary. Visit lifestoryresearch.com

A CLOSER LOOK

Heating Options

Allow you to add either hydronic or electric heating without changing the cabinet.

✔ Electronic Refrigerant Flow Valve

Regulates the flow of refrigerant and provides compressor protection for maximum reliability and greater overall system life.

✔ All-Aluminum Coil

Is substantially more durable than conventional copper coils, for prolonged efficiency, longer system life and less chance of refrigerant leaking into the atmosphere.

✔ Epoxy Coated Coil

Is the first of its kind in the industry and helps prevent odor and undesirable residue on the coil.

Dedicated Control Board Pocket

Provides easy access.

✔ Fully Enclosed Insulation

Prevents loose fiberglass insulation from entering the air that your family breathes.

✔ Vortica™ Blower

Uses less energy than conventional blowers to deliver more air, while reducing carbon emissions and noise.

✔ Efficient Cabinet Design

Tough, double-wall construction and enclosed foam insulation virtually eliminates sweating and condensation. Less moisture and fewer dust particles are drawn in from garages, attics or crawl spaces, helping improve indoor air quality. The cabinet interior is also easy to clean.

✔ Modular Design

Enhances flexibility, allowing installation in tight spaces, without the need for expensive structural modifications to your home.

Rugged, Corrosion Resistant Finish

Protects the Hyperion from scuffs and damage, ensuring a uniform appearance for years.

Positive pressure cabinet

Integrated Drain Pan

Made from rust resistant polycarbonate, this unique drain pan is gently sloped in two directions to eliminate standing water and minimize the opportunity for microbial growth.

Variable-Speed Motor with Comfort-R™ Technology

Reduces noise by starting gradually and ramping the airflow up while eliminating hot and cold spots. Comfort-R™ also allows the careful regulation of humidity.

✔ Industry Exclusive

Features and components applicable to Hyperion TAM7 Series only, may vary by model and are shown for illustration purposes only.

All Trane air handlers have a 10 year limited warranty on the coil and all other internal functional parts.

Base Limited Warranty information on specific products can be found on Trane.com. Ask your dealer for full warranty information at time of purchase. Warranties are for residential and multi-family use only, some exclusions may apply.

INSTALLATION AND CLEANING MADE EASIER.

The Trane Hyperion air handler can be disassembled within a few minutes with only one tool, ensuring a quick installation so you can enjoy the benefits of Trane comfort as soon as possible. Plus, the cabinet can be cleaned fast and efficiently because the blower and coil assemblies slide out for easy access.

TRANE DEALERS ARE AS HARD TO STOP AS A TRANE ITSELF.

Independent Trane dealers take great pride in creating your perfect indoor environment. They are some of the most highly trained in the business and have an extensive understanding of the movement and conditioning of air and the expertise to advise, install and maintain the right system for your home.

WE ARE COMMITTED TO USING ENVIRONMENTALLY FRIENDLY PRINTING PRACTICES.

RUN YOUR HOME FROM WHEREVER LIFE TAKES YOU.

Nexia® allows you to manage your home remotely using most web-enabled mobile devices¹. **With just the touch of a button, you can unlock a door, turn on lights, or adjust your heating & cooling from a distance to save you energy.** Simply put, Nexia gives you home automation in the most simple and accessible way. All so that you can connect with your home, even when you're not at home.

¹Nexia Remote Climate Access is included with the purchase of a connected control. Adding accessories to your Nexia system requires a monthly subscription for remote access via most web-enabled smartphones and computers.

WHY IS INDOOR AIR QUALITY IMPORTANT?

We spend 90% of our time indoors, and 70% of that is in our home² where the air can be up to 5X poorer quality than the air outside³. **To help improve your indoor air, Trane offers a complete portfolio of air filtration equipment for whole home solutions for new and existing units.**

TRANE CLEANEFFECTS® AIR CLEANER

Utilizes patented technology to deliver cleaner air to the whole home by removing up to 99.98% of airborne particles⁴ that pass through the re-usable filter, including 99.9% of the Influenza A (H1N1) virus⁵. This level of filtration makes it up to 100X more effective than a standard 1" filter⁶. Plus, it's the **ONLY** whole-home electronic air cleaner that is certified **asthma & allergy friendly**⁷ by the Asthma & Allergy Foundation of America.

ENERGY RECOVERY VENTILATORS (ERV)

Provide an energy-efficient way to exchange air inside your home with fresh air from outside, removing lingering odors like cooking smells while improving overall air quality.

HUMIDIFIERS

Provide the right amount of moisture to the air throughout your home, adjusting from summer to winter.

Contact your Dealer or visit Trane.com/Residential to learn more.
